

TITLE OF INVENTION (Generic – See *Instructions*)

--

BRIEF SUMMARY (Attach abstracts, manuscripts, additional information – See *Instructions*)

--

Is this Software?	Yes	No
-------------------	-----	----

INVENTION SUPPORT (Check where appropriate and describe below or attach sheet – See *Instructions*)

	Yes	No	Discuss
Any Federal research grants used? If so, please list agency, federal grant number, and ORSP project number or shortcode. Information should be consistent with information provided to ORSP, or the sponsoring agency, in interim, progress, or final Invention Reports:			
Funded by Wireless Integrated MEMS Center (WIMS)?			
Developed with Corporate, State or Foundation Funds? If so, please list the sponsor and ORSP project grant number:			
Any third party collaborators? If so, please list name(s) and organization(s):			
Any materials or data from another party? If so, please list the materials and the third party:			
Have you entered into any contracts with third parties related to this invention (e.g., consulting agreements, other agreements you signed personally)? If so, please identify these contracts:			

PUBLICATION DATE(S) (Papers, posters, abstracts, talks, etc. including those that are planned – See *Instructions*)

Event	Date	Reference / Comments

COMMERCIAL POTENTIAL

Closest known product / technology:
Potential Licensees:
If software, if a modification or improvement to an existing work, or incorporating elements not original to the developer(s), identify that work and its developer(s):

CONTRIBUTORS

First listed is primary contact. If a contributor is affiliated with more than one department, see *Instructions*. The Contribution % column represents the amount that each Inventor * contributed to the invention. Fill it in to provide your mutual assessment of each person's relative contribution to the concepts of the invention. The percentages for all U-M contributors should add up to 100%. Generally, U-M Tech Transfer will use "Contribution %" as an initial bases for a draft Revenue Distribution Plan (RDP). **

* For definitions, such as what constitutes being an inventor, go to the *Definitions* link at: <http://www.techtransfer.umich.edu/resources/policies.php - definitions>

** For more information on the RDP process, go to the *Revenue Distribution Process* link at: <http://www.techtransfer.umich.edu/resources/inventors/royalties.php>

Do any of the contributors have either a WOC (Without Compensation) or DAP (Dual Appointment Personnel) appointment with the VA (Veterans Administration)? If so, please check "VA" in the box below for each contributor.			
Do any of the contributors have a financial interest in an involved research sponsor, material provider, or potential licensee?	Yes	No	Uncertain

A.

Name (primary contact)	UM Position		Employee ID
UM Department or Other Organization	Contribution %	VA	HHMI
Home Address / City / State / Zip	Home Phone	Citizenship	
Work Address / City / State / Zip	Work Phone	Email	

B.

Name	UM Position		Employee ID
UM Department or Other Organization	Contribution %	VA	HHMI
Home Address / City / State / Zip	Home Phone	Citizenship	
Work Address / City / State / Zip	Work Phone	Email	

C.

Name	UM Position		Employee ID
UM Department or Other Organization	Contribution %	VA	HHMI
Home Address / City / State / Zip	Home Phone	Citizenship	
Work Address / City / State / Zip	Work Phone	Email	

D.

Name	UM Position		Employee ID
UM Department or Other Organization	Contribution %	VA	HHMI
Home Address / City / State / Zip	Home Phone	Citizenship	
Work Address / City / State / Zip	Work Phone	Email	

DECLARATION & SIGNATURES

I/We have reviewed and understand the University of Michigan Board of Regents Bylaw Sec. 3.10 and the Technology Transfer Policy on the Tech Transfer website, and confirm that I/we will abide by the same. I/we authorize the filing of an application to be made on our behalf in the University's name. As required, I/we hereby assign our rights in this invention and all resulting patents (including serial no(s). _____, authorized to be filled in later by UM) and copyrights to the Regents of the University of Michigan.

After submission, all contributors will receive an automated e-mail notice prompting them to, and guiding them to, electronically sign the invention report.

Instructions for University of Michigan Invention Report

The Invention Report (IR) records the description and circumstances in which an invention was created or technology was developed.

Title of the Invention

Use a brief title, omitting any confidential information, acronyms, and trademarks (title should be very generic).

Brief Summary

Write or type a general description of the invention. In addition:

- (a) Please attach a detailed description of the invention, including a technical description, advantages/improvements over existing methods/devices/materials, and possible modifications;
- (b) Please attach any related manuscripts, publications, presentations, posters, etc.

Invention Support

The University is required to report all inventions made with Federal funding to the relevant agency, so it is imperative that you provide details on all federally funded inventions, in particular the agency and the grant number. Please list all other potentially relevant grants, funds, collaborations, or materials received from third parties such that we can do the appropriate reporting to the sponsoring groups and determine if there are any pending license rights to the invention.

Publication Dates

Provide accurate dates and comments to enhance the understanding of critical events and/or make a note that you wish to discuss these issues with us. We are interested in any potential public disclosure (papers, posters, abstracts, talks, etc. including those that are planned) of the invention, to help us and our lawyers evaluate any potential patent protection issues.

Contributors

Contributors are individuals who may have conceived or developed elements of the invention, either independently or jointly with others. If this IR results in a patent application, a patent attorney will determine inventorship based on information from contributors listed in this form. Fill in the "Contribution %" to provide your assessment of each individual's relative contribution to the concepts of the invention. License revenues, if any, will be distributed according to University policy. The first individual listed will be U-M Tech Transfer's primary contact, and agrees to act as conduit of information with the other contributors. Please provide complete addresses (including city, state, zip for home address).

Any non-UM affiliation should be stated (e.g., Department of Veterans Affairs (VA), Howard Hughes Medical Institute (HHMI), corporate, other university, or joint appointments). Attach an extra sheet if necessary.

If a Contributor is affiliated with more than one department, U-M Tech Transfer will need the names of each relevant department and a breakdown of the "Contribution %" of that Contributor applicable to each department (due to revenue sharing with each department). The best way to do this is to use a separate entry for each department of the Contributor. For example, if Contributor A is has a "Contribution %" of 20% and is affiliated with both Dept. X and Dept. Y, and the invention was made 60% under the auspices of Dept. X and 40% under the auspices of Dept. Y, then the Contribution % for this Contributor A should be 12% for the entry for Dept. X and 8% for the entry for Dept. Y. If this breakdown is not provided, then each department will be weighted equally. Please email with questions.

Declaration and Submission

After submission, all contributors will receive an automated e-mail notice prompting them to, and guiding them to, electronically sign the invention report. Please mail and/or e-mail your completed form to the following, and follow up by mailing the original of the first two pages of the IR form if you are submitting by email:

Jodie Richardson, Patent Administrator
University of Michigan Office of Technology Transfer
1600 Huron Pkwy, 2nd Floor | Ann Arbor, MI 48109-2590
Tel: 734.763.0614 | Email: techtransfer@umich.edu

Questions

Contact Bryce Pilz, Director of Licensing at bpilz@umich.edu or 734.615.8433. You may also visit: www.techtransfer.umich.edu.

Attorney-Client Privileged Communication – The information in this Invention Report is confidential and should not be disclosed to persons outside the University or to persons not requiring access to this information.
